

We are extremely thankful to all our clients for showing their trust in us and giving us an opportunity to serve them. As we enter the New Financial Year 2016-17, we would like to share with you a brief recap of the FY 2015-16.

For Opulence, FY 2015-16 was a year of consolidation. We are glad to inform you all that despite so many challenges due to uncertain market conditions, changes in regulatory framework and volatility in various asset classes, we were still able to register a healthy growth of more than 30% in Assets under management and over 40% in client base. Currently we are serving over 500 Clients spread across, Salaried, Professionals, Businessman, Retired Servicemen and Corporates. Most of the new clients added during the year were referrals from our existing clients and we are very much thankful to them for their support in helping us grow. We help our clients in creation, restructuring and active management of customized investment portfolios consisting of Mutual Funds, Portfolio Management Services, Private Equity, Structured Products, Direct Equity, Corporate Bonds/FDs, Tax Free Bonds and Real Estate. We have also helped our clients to avail Home Loans, Loan against Property, Cash Credit, Overdraft facilities and tax related advisory.

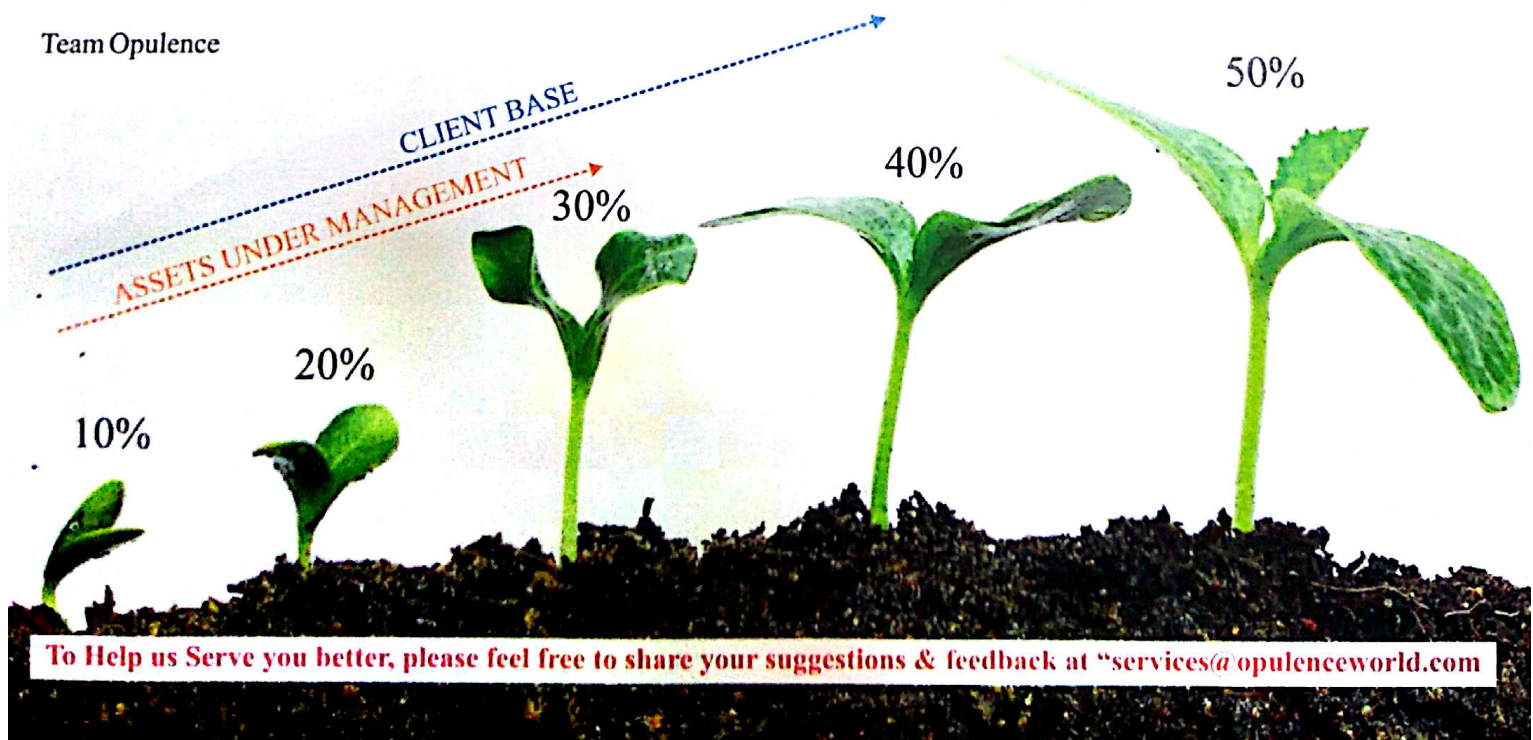

In FY 2015-16, we were one of the fastest growing Financial Planning and Wealth Management Company in the NCR region and received several awards and accolades. In our endeavor to further expand our reach and provide hassle free online transaction facility to our clients, we took membership of National Stock Exchange (NSE) Mutual Fund Platform and partnered exclusively with some of the Mutual fund Houses which will allow all our clients to transact from anywhere across the globe through web and mobile applications.

We are also thankful to our highly experienced Advisory Board Members for their continuous guidance and support throughout the year. We will continue to invest in knowledge, technology and systems so that we are able to further improve our service levels.

We look forward to serve you and your family in an everlasting relationship. May new financial year bring lots of opportunities and blessings for all of us.

Happy Investing!
